VOLUNTARY ANNOUNCEMENT

CHINASOFT’S JOINTFORCE HARMONY JOINT INNOVATION CAMP LAUNCHED ITS STRATEGIC LAYOUT IN ZHENGZHOU AFTER WUZHEN BUILD A DIGITAL INDUSTRY CLUSTER TO PROMOTE HARMONY ECOSYSTEM’S PROSPERITY

This announcement is issued by Chinasoft International Limited (the “Company”) as a voluntary announcement to allow the public to understand the latest information on the Company.

Chinasoft is pleased to announce that the Company’s JointForce Harmony Joint Innovation Camp has recently launched its strategic layout in Zhengzhou National High-tech Industrial Development Zone (“Zhengzhou High-tech Zone”). The Company will accelerate the integration of regional enterprises into the Harmony ecosystem by building an IoT innovation carrier around Huawei’s Harmony system, and guide Zhengzhou and the central region’s IoT, health, smart home, and Internet of Vehicles and other industry networking innovations, and become a booster for the rapid, intelligent and large-scale development of Zhengzhou’s industry.

Huawei officially released Harmony OS 2.0 and open sourced it this year. As Huawei’s “Sail on the Same Boat Partner”, the Company closely follows Huawei’s progress and accelerates the deployment of Harmony Joint Innovation Camp in the region, becoming a key driving force for the prosperity of Harmony ecology. The Harmony Joint Innovation Camp joins hands with Huawei Harmony system, HiLink, HiCar and other innovative ecosystems, as ecological connectors and amplifiers, providing IoT manufacturers and developers with full-scene enabling services such as training, access, development, certification, channels, and promoting local enterprises to quickly integrate into the Harmony ecosystem and reach tens of millions of new devices and users at a lower cost and faster speed.

The Company will work closely with Zhengzhou High-tech Zone, relying on the government's policy guidelines for industrial innovation and transformation and upgrading, combined with Huawei's "1+8+N" smart all-scenario strategy, integrate the core technology elements of the AIoT industry and the Information Technology Application Innovation industry, and establish AIoT and Information Technology Application Innovation digital infrastructure to help Zhengzhou build a world-class high-tech park. Relying on the Harmony Joint Innovation Camp, the Company will provide full-stack IoT enabling services:

1. As a leading service provider of Huawei's ecological solutions, the Company builds the Harmony Joint Cloud Platform, which connects Harmony, HiLink, HiCar and other Huawei ecosystems on the cloud, and provides a package of services such as training, access, channels, development, and certification for regional sensor and Internet of Things enterprises to accelerate the industry's intelligent upgrade and scalable development;
2. The Harmony open source community gathers developers to develop high-quality IoT solutions and smart scenario solutions for regional manufacturing companies to achieve cross-technology and cross-industry integrated applications, and help companies complete product's smart scenario upgrades and marketing displays;
3. Catalyze collaborative innovation with smart high-tech experimental grounds, and aggregate DT innovation workshops, technology salons, expert lectures and other services to broaden cooperation areas and deepen cooperation and exchanges for regional enterprises, so as to accelerate the integration of regional enterprises into the Huawei and JointForce ecosystem. The integration plan will be promoted nationwide and become a model for the intelligent upgrading of the global industry.

JointForce Harmony Joint Innovation Camp takes Wuzhen as the starting point, the launched its strategic layout in Zhengzhou this time marks the Company's acceleration of the national layout of Harmony Joint Innovation Camp and demonstrates the Company's firm determination to deeply cultivate Huawei's Harmony ecosystem. Looking forward to the future, the Company will take cities as the point and industry as the line to form a city-level Internet of Things with all things connected, and promote Harmony system to become the new standard of the Internet of Everything, and jointly build a digital intelligence ecosystem with high intelligence, low latency, multiple terminals and multiple scenarios.

By order of the Board
Chinasoft International Limited
Dr. CHEN Yuhong
Chairman and Chief Executive Officer

Hong Kong, 17 November 2020

As at the date of this announcement, the Board comprises two executive Directors, namely Dr. Chen Yuhong (Chairman and Chief Executive Officer) and Dr. Tang Zhenming, three non-executive Director, namely Dr. Zhang Yaqin, Mr. Gao Liangyu and Mrs. Gavriella Schuster, and three independent non-executive Directors, namely Mr. Zeng Zhijie, Dr. Lai Guanrong and Professor Mo Lai Lan.
